Challenge #3: Layout and Menu Elements

As for my layout I applied header, main and section. As for my menu I used nav, ul and li.

```html
<body>
<header id="header">
    <nav class="nav-bar">
        <span class="nav-open" onclick="navOpen">
            <i class="fa-solid fa-bars"></i>
        </span>/.nav-open
            <span class="logo navLogo"><img src="website_logo.png" al
        <div class="nav-menu">
            <h1>MyGames</h1>
            <span class="nav-close">
                <i class="fa-solid fa-xmark"></i>
            </span>/.nav-close
        <ul class="nav-links">
            <li><a href="index.html" class="active"><i class="fa-soli
            <li><a href="#about"><i class="fa-solid fa-info" id="nav-
            <li><a href="#contacts"><i class="fa-solid fa-envelope" i
            <li><a href="games.html"><i class="fa-solid fa-gamepad" i
            <li><a href="login.html"><i class="fa-solid fa-user" id="
        </ul>/.nav-links
        </div>/.nav-menu
    </nav>/.nav-bar
</header>/#header
```
